

Terranova Yacht 68 2006 [4839]

Description

Following on from the Terranova 85 comes this immaculate Italian Terranova 68 Explorer motor yacht. With a hull specially enabling efficient performance at low-medium speeds and long range passages she is economical to run. Careful and successful retro-aesthetic design with plenty of beautiful wood detailing makes her attractive as well as comfortable. The large volume interior with forward owner's cabin plus two additional guest cabins allowing comfort and space for all - plus a crew cabin that can be used for that extra guest or additional storage. The main deck has a galley, dining area, interior...

Galley

The galley is to starboard and features granite counter-tops and all top quality appliances. There are two sets of refrigerators in the galley along with a Miele Oven, Miele Smooth Range Top, Microwave/Convection Oven, garbage disposal. On the forward side of the galley there is an additional fridge.

Forward to port is the U-shaped dining area which can seat six on comfortable light tan leather seating surfaces. The dining area is raised from the galley deck giving a fantastic view of the surroundings outside. There is storage in this area as well as access to the main circuit panels which is both lighted as are the switch descriptions. All the teak cabinetry in the yacht has been supplied by the same teak log, so there is continuity in both look and finish. All the drawers throughout the yacht have dovetail joinery and only the highest quality drawer slides and drawer pulls are used.

Saloon

A large U-shaped seating area to starboard allows great views from any angle to watch the 42" TV that hides away inside a cabinet to port. There is a custom curved teak grab rail overhead. Facing astern, you have an office table with drawers and a pivoting stool. There is indirect lighting under the cabinets and also in the upper air/conditioning duct areas. There are overhead dome style lights and gold plated bell style lights throughout the yacht.

To port is a wine cooler that is situated near the stairwell leading to the command bridge. Also a liquor cabinet and an additional bar-sink. Visibility from the bar area and salon is accomplished through six stationary windows.

Electrical System

- Voltage: 220V, 24V, 12V
- Frequency: 50 Hz

the hull, deck and superstructure of the Marlow Explorer. Vinylester and Epoxy resins and glues are used throughout. Only top quality mechanical components like Aquadrive constant velocity joints, Tides seals, Trace inverters are used. On the lovely hand finished interior quality brands like Sub Zero, Dacor, Asko, Bosch, Franke, Grohe and similar are found. Fine fabrics of Ultraleather and other top brands grace the interior. The result is reminiscent of an era when quality, not quantity was the hallmark of a fine yacht.

- Shore power converter: Mastervolt
- Inverter: Mastervolt
- Batteries: 2x Starter 24v 175 Amps, 2x Gens 65 Amps 12V
