YACHTFINDERS GLOBAL

Absolute 45 Fly- would suit a new boat buyer – and with a price reduction!

THE SMALL MEGAYACHT!

The compactness of the 45 FLY – which gives dynamism and sportiness to this luxury yacht – emphasises the style of Absolute: the air vents integrated into the hull, the lateral character line on the hull side, the windows of the deck cabins, the aft window that joins with the moulding of the access door to the aft cabin. All these stylish features are hallmarks of imposing and prestigious superyachts, just like our little megayacht 45FLY!

Moving from the cockpit to the interiors, you can appreciate the magnitude of the sliding door: its openness directly connects the interior living room and the galley with the outdoor cockpit sofa for maximum conviviality for everyone on board.

From Italy with love!
