

Absolute 48 Coupé 1/3 Ownership

Amongst the current models, Absolute welcomed a new range of yachts with the **48 Coupé**.

Absolute has announced that it was developing the 48 Coupé, the first model in a new 'green' range featuring solar power. The Coupé range will join the yard's established Flybridge and Navetta lines. A 'Generation 2024' model, the 48 has now debuted in New Zealand.

The model has 3 large cabins with a large swim platform and an infinity cockpit with facing sofas on both sides. The main deck interior features an aft galley, a lounge with a C-shaped sofa and adjustable table, opening windows on the side, and solar panels on the roof. Volvo Penta IPS engines power the yacht.

“The Coupé range is inspired by a ‘green attitude’ that Absolute is developing,” the yard states. “Our design team has materialised the ambition towards a more sustainable way of boating and manufacturing at Absolute’s facilities.”

“As always, our models are driven by strong innovation that comes from within, thanks to Absolute's continuous search for improvements to better the quality of life on board.”

Max Speed:	31 knots

Builder / Designer

Builder:	Absolute Yachts
Designer:	Absolute Design Group

Tankage

Fuel:	1600 litres
Water:	500 litres
Holding:	Yes

Affordable Alternative to Boat Ownership:

Yachtfinders Global has created an intelligent alternative to conventional boat ownership for owners who have too little time to enjoy their boats to the fullest. It's called Boat Partnership.

How Does it Work?

With Boat Partnership, you purchase a half, third or a quarter share in one of our luxury boats, entitling you to a shared use annually. The beauty of Boat Partnership ownership is that it will only cost you a half, third or quarter of the total price and all the associated ongoing costs, and you still get to use your boat as much as a sole owner. Yachtfinders Global provides a comprehensive contract that makes the boat partnership smooth sailing!

Make no Mistake

- This is not timesharing a boat but sharing the expense of ownership. Unlike timeshare concepts, each owner owns the boat and gets to use it when it suits.
- When you only use something for less than a $\frac{1}{4}$ of the time, why own 100% of it?
- You can look at it two ways: get a lot more boat for your money or spend a lot less for your boat!
- If this kind of boat ownership sounds like it may suit your lifestyle more than conventional ownership, speak to us today to find out more.
