

Absolute 62 Flybridge

This boat is simply stunning. The accommodation is well above average with quality++. With 3 huge staterooms, all with private bathrooms and separate showers and the midships master stateroom is full beam. The large galley is positioned at the entrance to the saloon opposite a dining area and the expansive full lounge area is situated forward. The fourth cabin with 2 twin beds and private bathroom is placed at the stern and can be used for crew or for other guests as is luxuriously furnished and equipped with all comforts. The large swim platform and flybridge area plus the lounging area on the fore-deck give great outdoor options to complement the generous internal spaces. The propulsion is entrusted to two very efficient Volvo Penta IPS 950D11 engines (725hp) able to push it well over 30 kts in any load situation. See attached video under Full Specs plus [Boat test](#) and [Boat features](#)

Brokers comments

This new model ABSOLUTE 62 FLY follows the stylistic lines drawn by the smaller sister 58 FLY, in fact, it is characterised by SPACE and LIGHT, which are the focal points on which all the new boats of the Absolute Yachts shipyard are developed. The finishes and equipment, both internal and external are the best the market can offer, all demonstrated in the stylistic and technological innovations introduced on this boat. ABSOLUTE. Absolutely!
