

Bali 4.0 2016

Bali 4.0 in owners version with 3 double cabins, never chartered and only private ownership. The boat is completely setup for liveaboard with all that is needed for remote/off-grid living and an idyllic cruise. The current and 2nd owners sailed the Bahamas and the Eastern and Western Caribbean extensively before crossing the Pacific in March of 2023. They have lived on board full time since their purchase in 2018. The Bali 4.0 owner's version impresses with its living space and comfort. The saloon extends to the stern and makes one huge integral open space with the cockpit, which makes the boat live/feel much larger than its size. The owner's cabin offers a comfortable private area, including a nice desk or vanity area and private bathroom.

- Generator and aircon
- Raymarine Electronics with Radar, AIS and dual 9" Chartplotters

- Feathering Props
- Starlink high performance kit installed
- Hifi sound system
- 1 Electric winch and 3 Manual winches
