

Excess 11 Pulse Line 4 cabins – 2024

ALL THE FEATURES OF A BIG BOAT

The Excess 11 is the only large-scale production boat on the market for this size of catamaran. She is one of the smallest cruising catamarans capable of offering so much comfort and space, not to mention the thrill of sailing. The Excess 11 is a boat capable of long passages and is made for life on board. The work of the naval architects and designers has been focused on one objective: to create a real cruising catamaran capable of taking you to the most remote spots on earth to enjoy an isolated cove, an abandoned beach or a secret wave. Molokoi is Excess 11 in a 4-cabin version with a Pulse Line performance rig. Launched in December 2023, she was delivered to Tahiti by our team in early 2024 for her owners, a young family taking a sabbatical year across Polynesia. She

will be available for new adventures in July 2025 in Tahiti This is a catamaran that we know perfectly well. Our technical team regularly monitors its maintenance, and they will be able to support future owners during the handover and throughout their cruise.
