

Rhea 34 Sedan New Model

This is the latest model of the Rhéa Trawler range, and follows the world-renowned previous models such as Trawler 36, Trawler 43 and Trawler 47. The new 34' Rhea Trawler is a 10m cruising ship available in both flybridge and sedan versions and comes with the choice of either single or twin diesel engines. The Trawler 34 designed by Yann Chabaud, marks the return of the Rhéa Trawlers construction back to the Rhea Marine shipyard in La Rochelle, France. As with all Rhea trawlers, the Trawler 34 can be safely beached with its robust hull sampling and propeller/rudder protection. Like its sisters, the hull of the Trawler 34 also boasts excellent performance due to its reduced wake, fine water entry and propeller tunnels - all responsible for optimal performance and reduced consumption. Consume less to navigate more! A stunning boat for serious consideration.

General

Year:	2020
Price:	\$859,000
Additional Charges:	None
Boat Type:	Power
Hull Type:	Semi Displacement
Location:	Auckland
Engine/Fuel:	Diesel
Hull Material:	GRP

Dimensions

Length:	34 ft
LOA:	10.40 m
LWL:	9.65 m
Beam:	3.5 m
Draft:	.70 m
Bridge Clearance:	3.15 m
Displacement:	8 ton

Engines

No. of Engines:	1 or 2
Engine Brand:	Volvo or Yanmar
Engine(s) HP:	2x250 or 1x370
Max Speed:	21 knots

Builder / Designer

Builder:	Rhea
Designer:	Yann Chabaud

Tankage

Fuel:	2x440 litres
Water:	400 litres
Holding:	Yes
