

Selene 42 Voyager

Selene 42 Voyager - Long Range Coastal Cruiser

The **Selene 42 Voyager Sedan** is a newer design that Selene Yachts has developed based on the original '**Selene 42 Archer**' hull with a new superstructure and European, Floridian or Mediterranean flair! The yacht is designed with a single Cummins QSB 230HP or John Deere 180HP Diesel engine. The two-stateroom layout has a beautiful teak interior and a well-equipped galley. Compared with the **Selene 42 Archer**, it offers a more spacious saloon, flybridge and engine room. The enlarged fuel tanks of 700 gallons (2650 l) will guarantee a longer cruising range in the **Selene 42 Voyager**. .
