

Selene 62 Classic Explorers 2008 - Immaculately Presented

LA PLATA is a 20.98 mt / 62 ft luxury trawler, built by Howard Chen - **SELENE TRAWLERS** and delivered in 2008. Her top speed is 11.5kn and she boasts a maximum cruising range of 2000.0nm at 6kn and 1200nm at 8kn, powered by two 405 hp CUMMINS diesel engines. Accommodating up to 6 people with two crew members, the **Selene 62** brings together quality, comfort, and long-range capability. The luxurious and practical layout consists of a superb three-stateroom arrangement with crew quarters aft, all with ensuite heads. The owner enjoys a full-beam master stateroom with a writing desk, vanity and full-height wardrobes. The pilothouse provides excellent visibility, with two Diamond Sea Glaze Dutch doors to the Portuguese bridge and a dedicated stair up to the flybridge. The functional galley can be up in the pilothouse or down in the salon with a dining table for six. The spacious flybridge, with a U-shaped settee, table, sink and room for a BBQ, makes a

wonderful place to entertain. The yacht deck allows for a 14? tender with a powerful hydraulic crane. The bulbous bow increases waterline length, which improves efficiency through the water. With a 2,200-gallon fuel capacity (9 842 litres), this CE Category A vessel is an entire displacement ocean yacht providing a maximum range of 2,000 nm. Selene 62 yachts can be seen worldwide, from the Pacific Northwest to the Mediterranean Sea.

General

Year:	2008
Price:	\$1,500,000
Additional Charges:	Plus GST, Duty & Freight
Boat Type:	Power
Hull Type:	Trawler
