

Selene 62 Explorer - Start your world cruise now

Selene 62 Ocean Explorer

This **2024 Selene 62 Ocean Explorer** is a fabulous new passage maker packed with high-quality equipment and systems and is perfect for cruising the world. The yacht features a three-guest cabin layout, with the VIP double cabin in the bow having direct access to the forward head, which it shares with the twin cabin. The full-beam master cabin is amidship with a separate dressing room and a large head featuring a backlit, full-height stone panel in the shower. A large saloon and galley area is offset, and the side deck is on the starboard side only providing maximise interior volume. The lower helm gives the impression of a small ship with four Furuno 24-inch touch screens chart plotters. Powered by twin John Deere 4045AFM85 180hp engines, it can reach a top

speed of 11 knots and cruise at 9 knots for 1,300 nautical miles. There are two Northern Lights generators of 10 and 26 kw, with the larger generator also having a PTO (get home system) to power the hydraulic system as well as PTO pumps on both engines to power the Trac bow & stern thrusters, twin Maxwell windlasses and zero speed stabilizers. **Broker comment** This Selene 62 Ocean Explorer is reluctantly offered for sale in outstanding condition and ready for a new owner to enjoy.
