A New Horizon in Luxury Yachting

Sporty, Sustainable, and Versatile

Introduction

Don't be fooled by the gossip from people selling Australian-made boats that European boats are not made to deal with the Pacific Ocean – Google will confirm that this is marketing fantasy – Absolutes are well suited to any conditions.

UPDATE – If you currently have any interest in buying a motor yacht – new or used, you will be seriously surprised at the extraordinary value for money available in considering this brand new, groundbreaking Italian made 48 foot Absolute Coupe. **Solar-Powered**, three cabined (no bunks), 2 x Volvo IPS engines, auto-docking and all with the best indoor-outdoor living and entertaining areas of any other motor yacht of this size. It's waiting at Westhaven, Auckland for a new owner... Gat aboard now by taking a look at these walk-through YouTube videos below:

The Absolute 48 Coupé, launched as the first model in Absolute Yachts' innovative Coupé range, redefines luxury yachting with its combination of sporty design, environmental consciousness, and unparalleled comfort. With a bold approach to versatility and sustainability, Absolute Yachts has created a vessel that stands out in both performance and design.

Revolutionary Design

The Coupé range represents a new chapter for Absolute Yachts' Italian shipyard, incorporating revolutionary ideas that have made the company's previous models famous. The Absolute 48 Coupé features intriguing new elements, including solar panels, panoramic windows, and a terraced cockpit. These updates enable maximum versatility and usability, catering to modern yacht enthusiasts who seek innovation and comfort.

Sporty Lines with Purpose and a Commitment to Sustainability

While the Absolute 48 Coupé boasts sporty lines, its design remains deeply rooted in Absolute Yachts' commitment to sustainability and environmental care. As mentioned, the roof is equipped with solar panels which includes a transparent panel allowing natural light to

enter the interior without overheating the space. This innovative feature is in itself a work of art providing a convenient, clean energy source, making it ideal for anchoring in scenic locations while minimising environmental impact.

Unparalleled Views and Comfort

The salon of the Absolute 48 Coupé is a marvel of design, featuring large side windows that envelop the entire deck and a panoramic windshield, providing uninterrupted visibility. From inside, passengers enjoy a stunning 360-degree view of their surroundings, making every journey a breathtaking experience. The terraced cockpit and configurable décor further enhance usability and adaptability, ensuring comfort for every occasion.
