Selene 47 Classic Explorer – Now Available in Europe – an exceptional starting point for your next bluewater adventure.

The Selene 47 is a larger sister to the ground-breaking Selene 43. With her larger design she enjoys many benefits, including a roomier saloon, more height in the engine room, a commissary, and a lazarette. The Cruiser Stern™ extended waterline also gives the yacht a 9-knot cruising speed with excellent fuel economy. The galley is offset to starboard, as is the settee in the pilothouse. Both changes create a much roomier feel in the salon and pilothouse. A small helm chair can be installed at the lower helm. The Selene 47 was designed with the long-range cruising couple in mind. The yacht is also a good family cruiser with its two staterooms and two heads. The stability of the Selene 47 is evident even in a choppy sea. With a range of not less than 2,000NM, the yacht can ocean passages like any other Selene.
